PROFILE

Bachelor of Science in Information Technology student with academic experience in manual QA testing, UI/UX design, and data analytics. Seeking an internship opportunity to apply technical knowledge, problem-solving, and organizational skills in a professional environment. Eager to gain practical experience, collaborate with teams, learn from industry professionals, and contribute to organizational goals.

EDUCATION

Bachelor of Science in Information Technology 2023 - Present
Divine Word College of Calapan, Inc. | Calapan, Oriental Mindoro

PROJECT EXPERIENCE

Manual QA Tester & UI/UX Designer | Academic Projects

- Performed manual testing to identify and document system bugs, functional errors, and usability issues.
- Evaluated system functionality based on project requirements and test scenarios.
- Created user interface designs, wireframes, and interactive prototypes using Figma.
- Applied UI/UX design principles to improve interface usability and consistency.
- Collaborated with team members to review system requirements, address issues, and support project development.

SKILLS

- **Design**: UI Design (Figma); Wireframing & Prototyping
- **Software Testing**: Manual QA Testing
- **Data Analytics & BI :** Power BI; Microsoft Excel

PROJECTS

FireTrace: Supplementary Geolocation-Based Fire Incident Reporting System 2026 - Present

- An undergraduate capstone project developing a geolocation-based fire incident reporting system that enables civilians to report fire incidents and helps BFP personnel monitor reports for efficient emergency response.
- Designed user interface layouts and prototypes, focusing on usability and responsive web design.

BUHUAN: Online Barangay Service Management System for Barangay Buhuan September 2025

- Designed user interface layouts and prototypes for a web-based barangay service management system, focusing on usability, navigation, and efficient resident transactions.
- Assisted in testing system features to ensure functionality and a smoother user experience for both residents and authorized barangay personnel.
